** En rejillas, los agujeros siempre deben ir paralelos al vaso para su mayor resistencia, con canal de 250 mm de ancho.

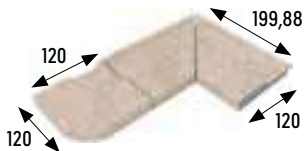

** Install the grids with the holes always parallel to the pool vessel to get a greater resistance, with a channel 250 mm wide.

A modern outdoor patio area featuring large, light-colored rectangular floor tiles. In the foreground, a swimming pool with clear blue water is visible. To the left, there is a wooden lounge bench with white cushions and a small table. A tall, black, arched floor lamp stands next to the bench. In the center, a potted tree with a light-colored trunk and green foliage sits in a large, dark, rounded planter. The background shows a dark grey wall and a modern building with large glass windows. The overall atmosphere is clean, minimalist, and sophisticated.
